

# Fall Harvest Lessons ~

Apples, Pumpkins, Fruits & Vegetables

Tuesday, September 26, 2017 4:30 ~ 6:30pm  
Chicago High School for Agricultural Sciences  
3857 W. 111th St, Chicago 60655

Earn 2 free PDCH as you learn to use the bounty of your school garden and local farmer's markets to bring cross curricular lessons alive in your classroom. Where else will you gain ideas on using pumpkins for anything from math to silly putty and explore the origins of foods from around the world as we prepare for the holidays? This hands-on workshop will allow you to walk away with activities to use through the end of the year. (Participants are encouraged to arrive a few minutes early to see the animals and crops that are housed at this one of a kind school in Chicago.)

Registration required, call Jill at 708-354-3276 or email at [aitc2@cookcfb.org](mailto:aitc2@cookcfb.org) to secure your spot.
