## SOIL TESTING KITS

Cook County Farm Bureau offers both members and non-members an opportunity to test their garden or lawn soil by purchasing a soil testing kit. Usually, it is necessary to supplement the earth's store of plant nutrients before we can obtain the most vigorous lawn, the most abundant and brilliant flowers, the most aesthetically satisfying trees/shrubs, and the greatest yield of tasty and nutritious vegetables or crops.

Test your soil pH, potassium, phosphorous, and other key elements to begin the soil improvement process. Complete kit guidelines and instructions, as well as mailing information, included in the test kit. Members will receive test results and basic recommendations within two weeks.

### **Farm Bureau Soil Test Kit discounted member pricing:**

- 1 sample Soil Test Kit: \$32
- 2 sample kit: \$42
- 3 sample kit: \$65
- 1 sample Soil & Lead Test Kit: \$60
- 1 sample Lead Only Test Kit: \$49

Non-member pricing also available.

Costs are subject to change.

To order, call 708-354-3276, using a Visa, MasterCard, or Discover.

We always run the risk of leaving a CCFB member business off a list like this and that is certainly not our intention. We continue to update the "Buy Local" area of our website and encourage any member who wants to be added to the database to contact the office at (708) 354-3276 or email us at [ccfb@cookefb.org](mailto:ccfb@cookefb.org).
