Describe how you partner with or support the Cook County Farm Bureau:

One of the ways we partner with Cook County Farm Bureau is every spring we help support Food Check out Day. Our office and clients help by donating food and funds to help support a local food pantry. This year we worked together with Meijer to help support Hattie B Williams Food Pantry in Oak Forest. Together we were able to deliver about six vehicles worth of food. Working with Cook County Farm Bureau on events like this makes an impact in our community and we look forward to it every spring.

How do you help your clients?

I pride myself on working hard to provide the best possible service to my clients. Being able to help people is important to me and I'm happy to work with my clients and community to protect what they have and help plan for their future.

How do you assist your community?

Supporting my community is important and I do this through a variety of groups and programs. This includes serving on our local School Board for last 12 years and being re-elected last spring. Coaching rugby with the Lincoln-Way Rugby Club for over 8 years. Serving on the board for our local football and cheer program, Illinois Jr. Celtics/Mokena Burros for over 10 years. I have had the honor of working with Mokena Lions Club for over 16 years and enjoy giving back to our community by supporting families with vision and hearing needs as well as donating food at major holidays.
