

FUN. FAMILY. MEMORIES.

Santa's Village Azoosment & Water Park

Santa's Village has been a family entertainment destination since 1959. Since reopening in 2010, the park has added several new thrill rides and attractions while restoring some classic favorites. The park has a pay-one-price admission which includes unlimited use of all rides, live shows, petting zoo and entertainment. In addition, there are games of skill, shops, restaurants and parking is always free. Over the years, our team has created a legacy of delivering memorable guest experiences.

In 2020, our brand-new water park called Santa Springs will have its grand opening. Guests will now have access to 2 parks for the price of 1!

Other additions for the 2020 season...

- Two new 300 foot-long water slides
- A new thrill ride called "The Blizzard"
- A new playground sponsored by Rainbow Play Systems
- Brand new events throughout the season

The park is great for corporate outings, youth camps, school field trips, family reunions and birthday parties. For more information and to reserve your date, visit:
