Visit Cook County Farm Bureau®
member Greenhouses, Garden Centers, and Farms
for all your outdoor needs!

We always run the risk of leaving a Cook County Farm Bureau member business off a list like this and that is certainly not our intention. We continue to update the "Buy Local" area of our website and encourage any member who wants to be added to the database to contact the office at (708) 354-3276 or email us at ccfb@cookcfb.org.

EQ COMPOST

Additional information or to order:

<https://mwrdr.org/eq-compost>

<https://mwrdr.org/biosolids>

EQ Compost meets the highest standard set by the U.S. Environmental Protection Agency and can be used in vegetable gardens to reduce fertilizer needs and as a soil amendment for growing crops, ornamentals, trees and turfgrass. EQ Compost is available through the Metropolitan Water Reclamation District of Greater Chicago.

Cook County Farm Bureau offers both members and non-members an opportunity to test their garden or lawn soil by purchasing a soil testing kit.

Soil, in its natural state, is rarely fertile enough for the best growth of plants. Usually, it is necessary to supplement the earth's store of plant nutrients before we can obtain the most vigorous lawn, the most abundant and brilliant flowers, the most aesthetically satisfying trees/shrubs, and the greatest yield of tasty and nutritious vegetables or crops.

Test your soil pH, potassium, phosphorous, and other key elements to begin the soil improvement process. Complete kit guidelines and instructions, as well as mailing information, included in the test kit. Members will receive test results and basic recommendations within two weeks.

SOIL TESTING KITS

Farm Bureau Soil Test Kit
discounted member pricing:

- 1 sample Soil Test Kit: \$27
- 2 sample kit: \$35
- 3 sample kit: \$53
- 1 sample Soil & Lead Test Kit: \$53
- 1 sample Lead Only Test Kit: \$45

Non-member pricing also available.

Costs are subject to change.

To order, call 708-354-3276, using a Visa, MasterCard, or Discover at no additional charge.
